## PRINCIPAL YORK

### GUEST SPEAKER Anna-Louise Pickering

Anna-Louise Pickering is the daughter of the late wildlife artist Pollyanna Pickering. Pollyanna was internationally acclaimed for her award winning paintings and dedication to conservation, and for 25 years Anna-Louise worked alongside her as her business partner.

Pollyanna was passionate about only painting animals she had seen and sketched in their natural habitats, a quest which led her to painting wildlife on all seven continents. Anna-Louise accompanied her on every journey, documenting the journeys photographically, and writing the text for their popular books.

Anna-Louise is the co-founder and president of the Pollyanna Pickering Foundation which raises funds for conservation internationally.
